Laminated plastic cards available in small quantities

ZeitControl cardsystems GmbH in Germany can react very flexibly to even small quantity orders. This is possible because the whole production process takes place within ZeitControl's own facility. Even at a quantity of 50 pieces different layouts are possible.

Delivery time is approx. one week. There are a lot of options available for integration into the plastic card:

- Memory chip (256 bytes to 64 kBytes)
- Magnetic stripe
- RFID Transponder (EM 4102 unique/read-only, HITAG-1, MIFARE)
- Bar code
- SIM punch hole
- any other punch hole
